Aamin Organization is a Not for Profit Organization in Somalia established in 2006. AAMIN is engaged in life-saving activities and on improving the livelihoods of Somalia communities through implementation of the following programs; Food Security, Health, Education, Water, Sanitation and Hygiene (WaSH), Youth-Empowerment Programs and Provision of free Ambulance services to the communities in Somalia. AAMIN Organization has received financing from Somali Humanitarian Funds (SHF) to implement a health project *“Provision of lifesaving primary health care services through fixed health facilities and outreach activities in Kahda”* In that regard, AAMIN wishes to hire 2 Sonographers on a contract basis for a period of 12 months.

Ref: AO/016/2023/HEALTH/KAHDA/SHF 25075

Position title : **Sonographer (2 Positions)**
Reporting to : **Doctor**
Location : **Kahda**
Duration : **12 months**

Position Summary:

The Ultrasound Nurse handles imaging equipment and is required to capture images of organs, bone, and tissue for patient diagnosis. Effective communication and instructions to the patient is required to ensure accurate and clear images are captured. Work under regulations outlined by Radiographers Protection Board.

Priority Task and Responsibilities:

- Position patients on examining tables and provide adequate protection based on already existing safety standards.
- Conduct scan tests and write reports based on the results.
- Perform calibration and adjustment of ultrasound devices in an appropriate manner
- Performing ultrasound examinations
- Keep record of images captured during ultrasound process
- Communicate effectively with patients during ultrasound processes

- Provision of efficient and timely ultrasound imaging services within the laid down standard operating procedures and protocols
- Safeguarding all confidential information concerning patients and their treatment
- Effective use of picture archiving & radiological information systems
- Upholding professional code of conduct and statutory regulations especially on radiation safety
- Producing reports for ultrasounds performed
- Performing routine and special examinations
- Undertake training for students and other staff assigned
- Perform general/routine maintenance of ultrasound machines
- Documenting and reporting of faults to the respective authorities
- Infection control – ensure proper waste segregation and disposal to avoid risk of cross transfer of microorganisms to patient and staff.
- Must display a high level of flexibility in the process of carrying out duties. This may entail filling in for other colleagues in the face of tight schedules
- Manage several patients and priorities and be able to adapt to a fast-paced work environment.
- Must have a clear understanding of how to handle ultrasound and equipment
- Pursue professional development for the continual improvement of patient care
- Challenge and report behavior which breaches the Child protection policy
- Perform other position-related duties as assigned

Education Qualification & Experience

- Higher Diploma in Ultrasonography
- Registered with the Society of Radiography in Somalia or any other relevant professional body

Relevant Experience

- At least 3 years' experience in the same field
- Experience in a busy Radiology Department

Competencies – knowledge, skills, abilities

- Excellent interpersonal relations
- Effective interpersonal skills
- Maintaining strict confidentiality
- Organization and decision-making skills
- Adaptability and good time management skills
- Ability to work as part of a team
- Attention to detail; present ability, professionalism
- Confidence in using leading-edge technologies
